

HAND CLEANER SPECIAL

Solvent-Free

HAND CLEANER SPECIAL is a very effective solvent-free hand cleaning paste, which is very suitable for removing heavy industrial soiling such as; lubricants, greases, tar, adhesives and bitumen.

HAND CLEANER SPECIAL cleans, protects and moisturizes the skin, so it keeps your hands soft and free from irritation.

HAND CLEANER SPECIAL is dermatologically tested, pH neutral and biodegradable.

HAND CLEANER SPECIAL must be stored in a cool but frost-free place and also well closed. We advise to make use of a dispenser pump.

Directions for use: Rub a small amount of HAND CLEANER SPECIAL onto the hands until dirt loosens, preferably with the use of a dispenser pump. Rinse off with water or wipe off with a towel. Dry hands thoroughly.
